

AISHANI SHARMA

Brand & Marketing Communications | Luxury, Fashion & Lifestyle

Gurugram, Haryana, India | +91 99883 83371 | aishanis.work@gmail.com | linkedin.com/in/aishanisharma631 | asharma631.github.io

Location: Gurugram, Delhi NCR. Open to roles across Delhi NCR and Mumbai. Available to relocate.

PROFESSIONAL SUMMARY

Brand and marketing communications professional focused on luxury, fashion and direct-to-consumer brands. Two years and eight months at Accenture built the analytical foundation: high-volume data, stakeholder reporting and strict SLAs. Times OOH and a homegrown couture label applied it to live campaigns, content strategy and market research. Currently runs an independent engagement for an architecture practice, having designed and shipped its website, PostgreSQL content model and custom CMS before taking over its social channels, so strategy and the platform it runs on sit with one person.

CORE SKILLS

Brand & Campaign Strategy: Brand positioning, campaign strategy, market entry, competitor analysis, audience segmentation, brand storytelling.

Social Media & Content: Social media strategy, Instagram Reels, content direction, content calendars, creator and influencer marketing, copywriting.

Digital & Web: Website architecture, CMS build, Supabase, PostgreSQL, relational content modelling, responsive mobile-first development.

Marketing Analytics & CRM: Campaign performance reporting, consumer behaviour analysis, customer segmentation, dashboards, CRM.

Tools: Google Analytics 4 (GA4), Meta Ads Manager, Google Ads, HubSpot, Salesforce CRM, Power BI, Advanced Excel, Canva, Figma, Notion.

Languages: English (native), Hindi (native), French (limited working proficiency).

WORK EXPERIENCE

Marketing & Digital Consultant, AKS Architecture Studio

Independent engagement | Panchkula & Mohali, India | July 2026 to Present | aksarchitects.co

- Designed and shipped the studio's website end to end: information architecture, page copy, project presentation and a responsive mobile-first build, giving the practice its first owned digital presence.
- Built a password-authenticated admin CMS on Supabase and PostgreSQL, designing the relational content model across projects, project images and upcoming renders, with direct image upload to object storage.
- Handed the two principals full control to publish, reorder and feature work themselves, removing the developer dependency for every content change.
- Owns social media end to end: content strategy, monthly content calendars, copywriting and creative direction, built around a Reels-first approach to short-form video.
- Tracks website and channel performance and translates the results into the next month's content plan rather than reporting after the fact.

Marketing & Brand Communications, Label Simran Anand

Part-time | Homegrown couture and occasion-wear fashion label, D2C | October 2025 to March 2026

- Worked directly with the label on campaign planning and brand communications, translating collection stories into campaign concepts for a couture and occasion-wear audience.
- Built social media strategy and content direction across seasonal content calendars, short-form video and launch moments tied to each collection drop.
- Sharpened how the label positioned itself to a direct-to-consumer audience.

Advanced Application Engineer Analyst, Accenture

Full-time, hybrid | Gurugram, India | November 2023 to June 2026 | 2 years 8 months

- Built and maintained dashboards and recurring reporting that turned complex performance data into clear, decision-ready summaries for senior and client-side stakeholders.
- Monitored, investigated and resolved incidents across enterprise client environments to strict SLAs in a 24/7 operating model, owning escalation and briefing non-technical stakeholders.

Marketing Team Intern, Times OOH

Internship | Out-of-home advertising | February 2023 to June 2023 | 5 months

- Pitched outdoor poster and out-of-home campaign concepts into live client briefs alongside the core marketing team.
- Conducted market research and tracked emerging trends across new and developing markets, turning that intelligence into campaign strategy input.
- Supported campaign execution, built client-facing pitch presentations and analysed post-campaign performance.

EDUCATION

Bachelor of Technology (B.Tech), Electronics and Instrumentation

Thapar Institute of Engineering & Technology | 2019 to 2023 | CGPA 7.25

Granted patent, co-inventor: A System of Non-Invasive Diagnosis for Diabetes and Dyspepsia Detection using ECG Signal.

CERTIFICATIONS

- Google Digital Marketing & E-commerce Professional Certificate, Google / Coursera (in progress): Foundations of Digital Marketing and E-commerce; Attract and Engage Customers; From Likes to Leads; Think Outside the Inbox: Email Marketing.
- Marketing in a Digital World, University of Illinois Urbana-Champaign, June 2026.
